DWPC COMMITTEES NEED YOU!

One of the most rewarding aspects of DWPC membership is working with a group of awesome members who are dedicated to enhancing the club's activities, projects, and community engagement. We invite you to join one of our club committees as an active member (see below), or, just send your ideas for consideration!

Program Committee: Chair, Claudia Carbone,
denverclaudia@gmail.com 303-809-6854

Do you know anyone who would be a dynamic speaker at the club? Would you like to help shape the Denver Woman's Press Club by bringing in special people for our programs? We'd love to have you join our committee. Or, if you would prefer to send your thoughts and ideas over email, that is an option too. We want to make this the best year ever for program offerings for the DWPC!

Membership Committee: Co-Chairs,
Georgia Garnsey:

ggarnsey@ecentral.com and
Delta Donahue
DeltaDonohue@outlook.com

This year, DWPC will be emphasizing outreach in order to grow and diversify our membership base. The club has much to offer to professional writers and communicators of all genres, including published book authors, bloggers, PR professionals, educators, and social media experts. The Membership Committee would love more members to meet periodically to brainstorm fun ideas to find and recruit new members, as well as to engage our current members in DWPC activities and projects. Contact Georgia or Delta with your ideas and new member prospects!

Communications Committee: Chair, Melody Jones:
melody@socialmediamelody.com

We need your expertise to spread the word about DWPC's great programs and projects this year to the wider community! Please join the Communications Committee, which meets periodically to review our email, website, social media, and print media strategies. Or, we could use your help on specific assignments to write press releases, short articles, or blog entries if you prefer a more short term commitment. DWPC is ALL about communication, so we are hoping you can help us trumpet our terrific organization!
